

DS-QAZ1325G1T 25 W Network Horn Speaker

- Adopt high-speed industrial grade dual core chips, built-in NOR Flash+EMMC dual storage, support dual backup of the system to ensure stable and reliable system performance.
- Support secure startup, user login locking mechanism, and password complexity prompts, support security audit log traceability, and improve system network security.
- Support batch unified management of remote platforms through IP networks (local area networks/public networks) and flexible configuration of local WEB single machines, while also support local audio collection and playback, adapting to various scene applications.
- Support alarm input, arming schedule, and audio linkage, support TTS speech synthesis and text broadcasting, with natural and smooth standard male and female dual audio options.
- Support two-way audio by SIP

Specification

Τype electret Amount 2 Frequency Response 100 Hz to 20 kHz Sensitivity -42 dBv/Pa Sampling Rate 48 kHz Quantization Bits 56 bit Sepeaker ************************************	Microphone	
Frequency Response 100 Hz to 20 kHz Sensitivity 42 dBW/Pa Sampling Rate 48 kHz Cuantization Bits 16 bit Speaker ************************************	Туре	electret
Sensitivity -42 dBV/Pa Sampling Rate 48 kHz Quantization Bits 16 bit Speaker ************************************	Amount	2
Sampling Rate 48 kHz Quantization Bits 16 bit Speaker Rated Power 25 W Impedance 8 Ω Max.
